BRIEF TITLE	APPROVAL DEADLINE	REASON
EISA/PURPA Standards	ASAP no later than January 31, 2010	

**DETAILS**

**Reason for Legislation**

The Energy Independence & Security Act of 2007 (EISA) requires Lincoln Electric System (LES) to consider and determine the appropriateness of five Standards, namely (1) Integrated Resource Planning; (2) Rate Design Modifications to Promote Energy Efficiency Investments; (3) Consideration of Smart Grid Investments; (4) Smart Grid Information; and (5) Waste Energy Recovery Projects. The LES Administrative Board has conducted the evaluation of the Standards, including a public hearing as stipulated by PURPA rules and approved resolution detailing its determinations. PURPA rules stipulate that such determinations may become final following the consideration and adoption by the City Council as the final ratemaking authority for LES.

**Discussion (Including Relationship to other Council Actions)**

These proceedings are similar to those conducted in 1980-81 for the consideration of the original 12 PURPA Standards and in 2007 for the consideration of six PURPA Standards.
